

EDUCATION

MSc Cybersecurity
Bath Spa University RAK, UAE
Starting Sept 2026
Upcoming

BSc (Hons) Creative Computing
Bath Spa University RAK, UAE
Graduated 2026

Key modules: Cybersecurity · Web Development · Machine Learning · Physical Computing · UX Design · Research Project

TECHNICAL SKILLS

Web Development
HTML · CSS · JavaScript · Node.js · Express.js · REST APIs · JWT Auth · Responsive Design

Databases
PostgreSQL · MongoDB · Neon DB

Cybersecurity
Digital Forensics · Autopsy · Threat Analysis · Risk Assessment · Defence-in-Depth · UAE Cyber Law

Tools & Platforms
GitHub · Vercel · Render · Cloudinary · VS Code

LANGUAGES

English · Fluent
Urdu · Native
Hindi · Native

CERTIFICATIONS

LinkedIn Learning: Cybersecurity, Full-Stack JS (MongoDB, Node & React), RESTful APIs, HTML/CSS/JS
SoloLearn: Python, Web Development, HTML, CSS, JavaScript

PROFILE

Full-stack developer and Creative Computing graduate with hands-on experience building and deploying production-grade web applications. Led a team to deliver a university management system from architecture to launch, owning the entire backend, database, and deployment pipeline. Currently commencing an MSc in Cybersecurity. Seeking full-stack development roles in the UAE.

PROJECTS & EXPERIENCE

EduLink — University Management Platform 2025
Full-Stack Developer & Team Lead · Bath Spa University RAK

- Led a team of 3 to build a full-stack university platform connecting students, faculty, admins, and parents — replacing fragmented WhatsApp groups and disconnected portals.
- Built the entire backend: 60+ REST API endpoints, 15+ table PostgreSQL schema, JWT auth, bcrypt, Cloudinary storage, Resend email, and an OCR pipeline (Tesseract.js) to auto-extract Emirates ID data.
- Delivered admin & student dashboards, timetable management with CSV import, announcement system, marksheet PDF download, and full mobile-responsive layout.
- Managed deployment across Vercel, Render, Neon, and Cloudinary; produced campaign materials including BMC, poster, and walkthrough videos.

Stack: HTML/CSS/JS · Node.js · Express · PostgreSQL · JWT · Cloudinary · Resend · Tesseract.js · Vercel · Render

Front-End Developer — Mondial Group 2024
Client Project · Dubai, UAE

- Built a responsive travel & tourism website with HTML/CSS/JS; integrated a working contact form and aligned design to client brand requirements.

Full-Stack E-Commerce Website 2024
Academic Project · Bath Spa University RAK

- Built a complete e-commerce site: HTML/CSS/JS frontend, Node.js/Express backend, MongoDB, user authentication, and responsive layout using Flexbox/Grid.

CYBERSECURITY RESEARCH & COURSEWORK

Digital Forensic Investigation — AlphaDocs 2025
Cybersecurity Module · Bath Spa University RAK

- Used Autopsy to analyse a suspect workstation image; uncovered 220+ cybercrime documents, after-hours file deletion, and metadata manipulation. Findings evaluated against UAE cybercrime legislation.

Cybersecurity Costed Plan — Webb & Co. 2025
Cybersecurity Module · Bath Spa University RAK

- Produced a defence-in-depth remediation plan following a multi-vector cyberattack, specifying and costing a full security stack: Fortinet FortiGate, Sophos EDR, ManageEngine USB control, LastPass MFA, and KnowBe4 training.

Research: AI Dependence & Creative Thinking 2025
Research Project · Bath Spa University RAK

- Quantitative study on how AI tool usage affects critical thinking and creative independence among computing students; designed and deployed a Likert-scale questionnaire.
